Yealink W80DM

Central DECT manager of the W80 multi-cell system

The W80DM DECT manager orchestrates up to 30 W80B base stations, 100 handsets and 100 parallel calls from a unified web portal. It streamlines system-wide deployment, maintenance and upgrades.

Key features

- Manages up to 30 W80B base stations
- Up to 100 handsets, 100 SIP accounts and 100 parallel calls
- Seamless roaming and call handover between cells
- Centralized web portal for system configuration and management
- Power over Ethernet (IEEE 802.3af, Class 1)
- Works with W53H/W56H/W57R/W59R/W73H/W78H, CP930W/CP935W and WH62/WH63 headsets
- Auto provisioning (RPS), no-disruption over-the-air handset upgrades

\$558.60 — one-time fee, RNT preparation included

Manufacturer suggested and mandated price (MSRP/MAP). Brand-new device, Canadian manufacturer warranty, configured and tested in our lab — plug it in and everything works.
