

DATASHEET

Yealink W90DM

High-capacity multi-cell DECT manager for large, complex sites

The W90DM drives the W90 DECT IP multi-cell system, built for warehouses, hotels, hospitals and large retail sites. It coordinates up to 60 base stations and 250 simultaneous calls with air or LAN synchronization.

Key features

- Manages up to 60 W90B base stations
- Up to 250 handsets, 250 SIP accounts and 250 simultaneous calls
- Air and LAN synchronization (LAN Sync) support
- Seamless roaming and call handover between cells
- Rotatable external antennas for optimized coverage (50 m indoor / 300 m outdoor per base)
- Power over Ethernet (IEEE 802.3af, Class 1), wall mountable
- DECT Deployment Toolkit and IP discovery tool for fast rollout

\$656.60 — one-time fee, RNT preparation included

Manufacturer suggested and mandated price (MSRP/MAP). Brand-new device, Canadian manufacturer warranty, configured and tested in our lab — plug it in and everything works.

Manufacturer specifications (Yealink), summarized by RNT. Estimate your plan: mtcanada.com
